. Use Soothing Musterole

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief. Musterole is a clean, white ointment, made with oil of mustard. Better than mustard plaster and does not blister. • Many doctors and nurses frankly recommend Musterole for sore throat, pronchitis, croup, stiff neck, asthma, neuralgia, congestion pleurisy, rheuma-rism, lumbago, pains and aches of the back or joints, sprains, sore muscles, pruises, chilblains, frosted feet—colds of the chest (it often prevents pneu-

Means Much Financially and Morally to Race-Campaign for University.

BY REV. T. O. FULLER.

The negro is delighted with the attitude of the South as to national prohibition. As fast as the legislatures meet they are ratifying the prohibition amendment. The negro sees his second emanchation in the suppression of the liquor traffic. It means much for him financially and morally. Much of the crime committed can be traced to the influence of strong drink, and when it is put out of the way a great many reforms can follow.

"Hundreds of obtained children are wandering aimiessiy alone over the desert sands. Their skin hanging from their bones like rags, slowly dying of statvation and thirst. Well-fed Americans can hardly imagine the terrible conditions of these war wrecked peasible of Armenia and Syrla who are dying, and will continue to die, at the rate of 20,000 per month unless relief it sent at once. The question of the supremacy of the law is so vital to the welfare of the state that it should not be made the football of party politics. Remedial measures should be supported by good citizens as a whole.

Dr. W. T. Vernon has just returned from Fhiladelphia, where he served as the principal speaker at the tercentenary celebration of the coming of the negro to this country. The program was an elaborate one and the occasion was full of historic interest to the negroes of the country.

Beginning next week the University

Beginning next week the University of West Tennessee will institute a dollar rally campaign to augment its maintenance fund. This school has nurse training, who are practicing in 20 different states and four foreign countries. It is estimated that its medical graduates, who held commissions, treated over 5,900 sick and wounded pegro soldiers on the battle front in France. The great work done by the institution has been at the sacrifice of those who have fostered it. There are only three medical schools for negroes in the United States and the University of West Tennessee is the only one conducted entirely by negroes in the United States. Judging by the records these graduates make before the state boards and by their high professional deportment, the school certainly deserves the instituted support of the race. Let's boost their dollar campaign. Each contributor will be given free a highly patriotic calendar.

## Children Love Candy Cascarets

Careful mothers know that Cascarets in the home mean less sickness, less trouble, less worry, less cost. When one of the kiddles has a white tongue, feverish breath, sour stomach or a cold, a Cascaret quickly and harmlessly "works" the poisons from the liver and bowels and all is well again.

TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets "work" the nasty bile, sour fermentations and constination poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each 10 cent .. box contains directions for children aged one year old and unwards,
